Question :

I am not sure about my birth time. My mother said me that I was born in the morning before noon on 4th June 1966. But the correct birth time was not recorded. As I do not know the exact birth time, I could not get a correct birth chart and the predictions. Hence I request you to find my accurate birth time. I have herewith furnished some of the important past events. Please feel free to ask any further information required.

ASTROLOGICAL REPORT : BIRTH TIME RECTIFICATION:

Dear Sir ,

Please find below the abstract of the Astrological Study based on the Scientific Stellar Method (KP) on your case.

The Result is purely based on the astrological parameters and a clear confirmative study on the given past events were carried to check his birth time.

Noted that you are likely to be born in the morning or in the day time on 4th June 1966 in Hammersmith, UK.

The planets that were ruling the time of your birth time would be ruling the time of our study/the judgment. This is the key point that has to be kept in mind to fix up his birth time.

THE PLANETS THAT WERE RULING AT THE TIME OF JUDGMENT OR ANALYSIS OF THIS CASE:

Date: 9/3/2013

Time: 16:50:23

Place : Salem, India. 11n39 78e12

Ruling planets: (RPS)

Lagna sign lord: Sun

Lagna Starlord: Ketu

Lagna Sublord: Venus

Lagna Subsublord: Jupiter

Moon sign Lord: Saturn

Moon Starlord: Mars

Moon Sublord : Rahu

Day lord : Saturn

SUN, KETU, VENUS/RAHU, SATURN, MARS/KETU , RAHU AND JUPITER

SUN and KETU are very strong as there are no other planets traveling in their star.
RAHU is conjoined with SATURN. Hence RAHU is powerful.

Hence SUN, KETU,RAHU,VENUS, MARS, SATURN ARE THE STRONGER ONES.

THESE PLANETS SHOULD BE THE PLANETS WHICH WERE RULING AT THE TIME OF YOUR BIRTH.

You were born on : 4/June/1966 in Hammersmith UK

Lets take the position of the planets from 6 AM onwards in that place on that give date.

Moon sign lord : JUPITER
Moon starlord : KETU
Moon sublord : SUN
Day lord : SATURN

All these Jupiter. KETU,SUN and SATURN were strong RPs at the time of judgment.

Hence the date is correct.

FIXING UP THE TIME:

Selection of Lagna lord:

AT 6 Am : Lagna was in Mercury sign. Here Mercury is not a RP during the time of judgment.

Next Signlord is MOON who is also not a RP.

The Lagna was in the Cancer sign(moon sign) till 9.42 AM.

So you would not have been born before 9.42 AM.

At 9.43 AM,

Lagna was in SUN sign. Sun is the strongest RP at the time of judgment. Hence Lagna sign lord must be SUN only at the time of Birth.

So you should have been born only after 9.43 AM.

Now lets find the correct time.

From 9.43 Am, Lagna was in the star of KETU who is an another strongest RP at the time of Judgment.
So Lagna starlord as KETU is correct.

The Sublord of Lagna could be either KETU itself or the next VENUS. But while crosschecking the past events, the unhappy marital life and the childlessness were not matching to the time till the Lagna sublord is KETU (till 9.48 am).

At 9.49 AM Lagna was in the sub of VENUS. As seen above, Venus who is also represented by Rahu a strong RP. Lagna Sublord Venus is in the star of Ketu who is the birth star. Hence matching.

Then comes the fixing up of the subsublord of Lagna.

It must be the Rahu or Saturn. Rahu who is preceding and a represents Saturn in the RP, it is stronger. Moreover, at the time Saturn becomes the subsub, the 7th cuspal sublord changes to Ketu which is not connecting well to the past event of your marriage.

Hence the rulers of Lagna(Ascendant) at the rectified birth time:

Lagna-SUN sign-KETU star-VENUS sub-RAHU subsub

This sensitive point falls in the zodiac on -----at 9.53 AM in Hammersmith.

The 5th and 6th CSL is SATURN: Strongly showing the difficulties for progeny

The 7th CSL : MERCURY: Strongly indicating the more than one marriage and unhappy marital life

10th CSL: RAHU: Strongly connected to SUN (government) and also instability in Job.

11th CSL is SATURN: shows the difficulty in marital life.

Cross checking the Past EVENTS:

A careful study was taken on your chart and all the below past events were cross checked with the Dasa Bukthi periods for the chosen birth time and found matching.

Your parents death periods, your first marriage and divorce,

Your nature of work and instability in work.

Your health trouble,

Your second marriage and unhappy marital life.

And so on.

HENCE YOUR CORRECT TIME OF BIRTH IS : "9.53 AM" ON -----

The Birth chart for the Rectified birth time is attached herewith.

Good Luck !
